

We are aware there has been a great deal of discussion regarding the possibility of a 2010 student experiential trip to Washington DC and New York. After having an informational meeting in order to give you the background to make a knowledgeable decision for your child, we felt it was necessary to get individual feedback from each family; therefore, we have come up with the following survey to determine if the trip can be a possibility for our 2009-2010 UI Pod. Please check one of the three choices below that applies to your family.

**Choice One**

I would like my child to attend the experiential trip.

Circle any options below that pertain to your situation.

- I realize my child will be required to do some fundraising activities to raise money for the trip.
- I plan to pay for the trip on my own.
- I would like to meet with the classroom teachers to discuss possible scholarship options for my child.
- I would like my child to attend this trip if it were held in the summer rather than the school year.

Other information I am aware of related to this choice (Please initial indicating your awareness)

I realize that if I sign my child up for the trip and decide to back out later I will lose my deposit.

I realize the goal is to have every student go on the trip and I need to keep lines of communication open to the teachers regarding any decisions I make pertaining to my child's trip.

I understand that if there are more than 50 people (students and adults) signed onto the tour, there will be a possibility of having two buses. If there are two buses, I will be on an adult bus, while my child is on the students' bus.

I am aware that we are all aiming to be fair in the money raising process. For some this means a scholarship, while others may be fundraising and paying through their own resources.

**Choice Two**

I do not wish to have my child go on the trip, but I feel that it would be a wonderful opportunity for the other students and I will not block the trip.

Please circle the statement below if it pertains to you.

- I would like to help plan and organize the week's alternate activities for the students who will not be attending the trip.

Other information I am aware of related to this choice (Please initial indicating your awareness)

I am aware that the teachers will be planning an activity-filled enrichment week for those students who will be staying.

**Choice Three**

My child will not be able to go on the trip and I do not feel that it should be held within the school year for any child.

Other Comments Regarding the Trip:
